

Company Quality Policy

Consistent with our company Vision and Mission Statements, within ElectroCraft our objectives are to meet or exceed our Interested Parties (Customers, Employees, Suppliers, Shareholders, et al) expectations by safely producing products that satisfy all applicable requirements, on-time and with the highest value.

We are committed to establishing and reaching quality objectives and pursuing excellence by implementing a Quality Management System that complies with the ISO9001:2015 Standard and applying the principles of continuous improvement in everything we do through effective leadership, management reviews, communications, education, planning and execution.

A handwritten signature in black ink, appearing to read 'Rick Sepeta', is positioned above a horizontal line.
